MEMORANDUM FOR: Director of Logistics

FROM: Harry E. Fitzwater
Deputy Director for AdministrationSUBJECT: Support for the Presidential Visit

25X1

1. Thanks to the outstanding support provided by you and others in the Office of Logistics, the visit of the President to Headquarters on 23 June was a most significant, successful event. The flexibility of our Logistics personnel permitted them to meet all challenges thrown in their path. Abrupt last minute changes in plans, schedules, and requirements made a difficult mission almost impossible. Every event on the schedule, nevertheless, went smoothly, without any snags. A number of individuals in the President's entourage were, quite frankly, astonished by the ability of our personnel to provide such effective support. Please convey my sincere appreciation to the following individuals who made this all possible:

 25X1 Executive Officer, OL
